**PLEASE NOTE:**

- The **EQS Product Code** found in the third column from the left is the product code used in our e-commerce shopping cart system. Please refer to this code in all product searches or order processing.
- **OEM original means** the consumable is an "OEM" (Original Equipment Manufacture) product, or was made for the OEM by the original consumable supply manufacturer.
- This is an updated consumables supply list for consumables supplies used with the item processing machines listed below. This new list and the pricing contained herein, replaces all previously published price and product code lists. This update also contains the average product life expectancy of most of the consumables.
